DETAILED ACTION

Specification

In page 1 of "Specification Amendments" after February 7, 2002, delete, "(allowed)", and replace it with "now U.S. Patent No. 6,827,999"

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-7 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim1, last line, the value for push-pull signal has no unit. The range 0.27-0.54, is in what unit?

In page 23 of the specification, table 3, the "push-pull signal" lacks "unit" as well. Correction is required.

Allowable Subject Matter

Claims 16-29 are allowed.
